Both speakers are seasoned movement builders having organized unions representing immigrants, taken part in and actually organizing social forums, and serving in national and continental organizations in numerous roles. Gabe represents AFSC/Project Voice and Kim represents Mass Global Action. Both are active on the World Social Forum-Boston Organizing Committee and Boston May Day Coalition. The speakers will be joined by a representative of both coalitions to discuss the upcoming Boston Delegation to the World Social Forum in Nairobi, Kenya (January, 2007).
