

# TWO WALLS ONE STRUGGLE

From May 27 through June 6, a People of Color delegation sponsored by the Third World Coalition of the AFSC, witnessed Palestinian resistance to the Israeli / Zionist occupation.

Lead by a Palestinian-American living in Palestine, the TWC delegation of twelve was composed of African Americans, Asian Americans, Chican@s, Latin@s, community organizers from throughout the U.S. Empire.

The Palestinian struggle for self-determination was viewed by the delegation's unique historical and political perspective on colonization, racism, and imperialism, as well as cultural autonomy, resistance, and liberation.

Sponsored by: Mass Global Action, Third World Coalition / AFSC, American Arab Anti-Discrimination Committee, Centro Presente.
